GET UP AND GO!

If you would rather have an active honeymoon than one spent lounging around on a beach or by the pool, perhaps one of these activities might float your boat...

Horse riding in Jamaica

Half Moon Resort boasts two miles of private beach, wrapped around a beautiful half-moon shaped bay. Their magical Turf and Surf experience sees you take a short trek to the nearby Sunset Beach across the sand, before de-tacking and riding bareback out into the Caribbean Sea. Head out into the deeper waters, where neither you or your horse can touch the floor. Start by swimming on the horse's back before dismounting and swimming side by side, accompanied by an experienced Half Moon instructor. **Rooms at Half Moon start from approximately £360 per room per night.** halfmoon.com/en

Wine tasting in Haldiki

With documentation acknowledging the production of local wines dating back to the 5th century B.C., Halkidiki has a strong history of viticulture. This year, Miraggio Thermal Spa Resort will be launching their 'Wine and Shop' package. Consisting of a day's excursion to one of the area's famous vineyards, the trip includes a guided tour, a lunch basket and a trip to the winery's museum for guests to learn about the history of wine-making. Also launching this year is a 'Wine Tasting' experience, hosted at the famous Ktima Tzikas Vineyard. miraggio.gr

Surfing, snorkelling and diving in Hawaii

Hawaii is made up of six truly unique island paradises, encompassing urban chic in Honolulu and landscapes so dramatic they feature on the blockbuster movie Jurassic Park and the idyllic white sandy beaches that Hawaii postcards are made of. Hawaii has been a destination for honeymooners, families, couples and adventure seeking junkies for decades, although most recently has become known for cool new neighbourhoods attracting weekenders looking for something a little off the beaten track. Brightsun Travel can organise fantastic holidays to Hawaii incorporating a stay on one or more of Hawaii's diverse islands – Kauai, Oahu, Molokai, Lanai, Maui, and the Hawaii Island, the biggest of them all. brightsun.co.uk
