

Cedar Lodge

MAKARORA, NEW ZEALAND

If you're looking to fish some of the South Island's most pristine water, Cedar Lodge is your spot. Our nearly thirty-year heli-program takes you from our remote lodge setting on the Makarora River and deep into Mt. Aspiring National Park. You'll walk and wade with seasoned guides to target an unpressured population of big browns and rainbows with wild New Zealand vies framing your casts. If you're looking to round out your experience, our heli-adventure program also offers hiking, mountain biking, horsebackriding, and visiting the island's many wineries.
