The image features three vertical panels of a starry night sky with the aurora borealis. The panels are arranged in a slightly overlapping, staggered fashion. The leftmost panel shows a bright green aurora borealis in the upper half, transitioning to a darker, starry sky below. The middle panel shows a similar scene, with the aurora appearing as a soft, glowing green band. The rightmost panel is partially cut off on the right side, showing only the top portion of the aurora and the starry sky. The overall composition is minimalist and evocative of a winter night in Iceland.

# OUR MISSION

Our mission is to custom-make powerful experiences that impact the people who impact the world. Whether heli-skiing near the Arctic Circle in Iceland or casting for bonefish on a remote island in the Bahamas, Eleven experiences are a different kind of escape. We are not found in traditional destinations. Our lodges, chalets and beach houses are miles from the main road - in a historic farming village high along the French-Italian border, on a rugged river in Patagonia, and in other unique locations away from the crowd.

In each destination, world-class food and lodging are combined with guided outdoor activities on mountains, in the backcountry, and on the water for guests of all ages and all skill levels. In urban locations our guides gracefully introduce guests to local culture, knowledge and places known only to native insiders.

No matter where in the world they may be, every facility has five-star accommodations, award-winning chefs, extensive wine cellars, saunas, steam rooms, spas, and friendly, expert guides who will show you new dimensions of life, friendship, family and adventure.

# WHY ELEVEN?

## OFF THE BEATEN PATH

At the root of Eleven's identity is the belief that you shouldn't have to sacrifice the comforts of home in order to experience some of the world's most beautiful landscapes and incredible adventures. Our team has scoured the globe for destinations relatively unknown and which still have a strong connection to their community and landscape. Although our properties are far from the main road, they are custom designed to ensure you have access to all of the amenities you should - steam showers, saunas, pools, unique hang spaces, comfortable guest rooms and more. ▶

## CUSTOM TAILORED EXPERIENCES

We believe that your trip should be about you. That means that no trip is ever the same. Even before you arrive, our Experience Managers will help plan your dream itinerary, design menus, organize travel logistics, take note of your preferences and plan special moments. We want you to experience the most out of your trip. As a result, most of our stays are largely all-inclusive — meaning that your professional guides, outdoor activities, most meals, house alcohol and local transportation are included. Specific offerings vary at each property - please see destination pages for details. ▶

## ELEVEN GUIDE TEAM

At the core of the experience is the Eleven Guide Team. This international group of highly-trained outdoor and adventure specialists makes the entire experience. Their mission is to assess your goals and comfort levels and then customize the adventure to provide that “best-day-ever” experience. Our guides' enthusiasm for their local surroundings and the adventures they share with you is infectious. It's what sets Eleven Experience apart from any other company in the industry. If getting after it and being slightly out of your comfort zone sounds exciting, this cast of characters will safely lead you through a life-changing experience. ▶

## **BEST DAY EVER** **POLICY**

This is important. Unlike other resorts and guide operations, we don't acknowledge "down days" or "weather days." There are no rain checks. We are always armed and amped to improvise and be creative. If we can't ski, we'll surf. If we can't fish, we'll go paddle boarding with a gourmet riverside lunch. You came to have a once-in-a-lifetime experience, and this is what you'll get. ▶

**“ Can't begin to describe how fired up I am right now. Empty, glassy, perfect right point this morning and now we're suiting up to hop in the heli to film skiing. Does it get any better?**

- Scott Gaffney, MSP Films at Deplar Farm

## **ADVENTURES** **FOR ALL**

There is not a "right" or a "wrong" way to experience an Eleven destination. If you're a die-hard charger who wants to jam-pack your day with adrenaline-fueled activities, we've got you covered. If you're simply looking for somewhere off the map to turn off your phone and put your feet up, that's what we're here for. Looking for a family getaway to reconnect with multiple generations and long lost cousins? You're in the right place. Regardless of age, adventure enthusiasm, outdoor experience or vacation goals, we will design a trip that exceeds your expectations. ▶

## **A REAL** **CONNECTION**

At the end of the day, Eleven strives to create memories that you, your family and your friends can share for a lifetime. We believe the connections and relationships that our guests foster amongst themselves and with nature are the most valuable commodities in the world, and we're here to create these life-affirming moments with you. ▶

# A LETTER FROM YOUR GUIDE

My name is Alan Bernholtz. I have worked with Eleven Experience since its inception and have been able to watch the company transform into a leader in the experiential travel industry. As Eleven Experience continues to provide new and exhilarating opportunities for guests around the world, we have remained true to our values from day one. By exposing our guests to nature, new challenges and world-class lodging, we facilitate an environment of personal growth, connection, and adrenaline-fueled fun.

Our guides are experts in their field, and will provide insight into local culture, geology, biology and what makes our destinations so special. Our job is to show guests the best places in the world, and while doing so, push beyond their comfort zone where they begin to open up and engage with nature, themselves and each other in ways they never have before. Watching this transformation take place is one of my favorite aspects of the job, and it keeps me excited to come to work each day.

 **OUR JOB IS TO SHOW GUESTS THE BEST PLACES IN THE WORLD, AND WHILE DOING SO, PUSH BEYOND THEIR COMFORT ZONE WHERE THEY BEGIN TO OPEN UP AND ENGAGE WITH NATURE, THEMSELVES AND EACH OTHER IN WAYS THEY NEVER HAVE BEFORE.**

At Eleven, each trip is different and we understand the unique goals of each guest during their stay. # HELI SKIING

Our heli-ski clients are Adventure Capitalists by design. They follow the snow, no matter the time of year. Getting after it is their call to action. Tackling untracked heli-ski descents on Iceland's Arctic maritime snowpack is for both the hard charger and the smooth cruiser. Sea-to-summit has never looked this good.

Heli-skiing on the Troll Peninsula is known for its beautiful rolling descents and steep couloirs taking you all the way to the ocean. This land of the midnight sun offers true adventurers extended daylight hours with more opportunity to rack up the vertical.

# HELI-SKIING

## WHAT YOU NEED TO KNOW

---

### ◀ **WHAT IS THE TERRAIN LIKE IN ICELAND? HOW ARE THE SNOW CONDITIONS?**

With over 1,500 square miles of terrain to ski, we have a wide variety of terrain - think wide open bowls, steep couloirs, long runs from mountain peaks to the ocean shore.

Iceland has a maritime snowpack meaning that the snow conditions are very stable. You can expect a variety of conditions - sometimes spring-like conditions including smooth, buttery slopes and corn snow; other times fresh powder.

### ◀ **DO YOU NEED TO BE AN EXPERT SKIER TO HELI SKI AT DEPLAR FARM?**

The vast terrain in Iceland means we have the flexibility to choose runs that are appropriate for your skill level. We recommend that guests be strong intermediate skiers to best enjoy the experience; for you experts out there, don't worry, there are plenty of challenging slopes for you to rip down.

### ◀ **WHEN IS THE BEST TIME TO HELI SKI IN ICELAND?**

Our season runs between March 15 - May 31. During this time we offer 4 and 6 day trips.

### ◀ **HOW MUCH FLIGHT TIME CAN WE EXPECT?**

We include one hour of flight time per day which equates to 8-10 runs; each run averages 2,500 - 3,500 feet of vertical.
