

ELEVEN ANGLING
ANDROS MOTHERSHIP

ELEVEN ANGLING

Our mission is to custom-make powerful fishing experiences that will take you from fabled remote flats in the Bahamas, Florida, and Louisiana to glacier-carved river valleys in Iceland and Chile, to pristine lakes and creeks in the U.S. Rockies. Eleven experiences are a different kind of escape. We prefer to venture out on our own, away from traditional destinations, in search of new waters, new challenges. Our lodges, motherships, chalets and beach houses are miles from the main road or well-traveled waterways - in a historic farming area, on a glistening freestone river in Patagonia, along the wilderness coastline of Andros, and other unique locations that beckon inquisitive anglers.

In each destination, world-class food and lodging are combined with guided fishing from rivers to reefs, and a variety of outdoor activities from the mountains to the sea. Guests of all ages and skill levels are encouraged to join in the adventures, and to improve their skills with instruction from our expert guides. And local cultures present the opportunity to participate in a different way of life, to see and enjoy places known only to native insiders.

No matter where in the world they may be, every facility has five-star accommodations, award-winning chefs, extensive wine selections, saunas, steam rooms, spas, and friendly, skilled guides who strive to add new dimensions to the angling lifestyle, and to share with you that wonderful feeling of comradery and fresh adventure.

ELEVEN

Eleven Experience is headquartered in Crested Butte, Colorado. Eleven represents a new standard in experiential travel. We quench a thirst for unprecedented adventures, authentic connections with down-to-earth guides and deeply personalized holidays for the Adventure Capitalist.

WHY FISH WITH ELEVEN?

OFF THE BEATEN PATH

At the root of our identity is the belief that you shouldn't have to sacrifice the comforts of home in order to experience some of the world's most beautiful landscapes and incredible angling adventures. Our team has scoured the globe for destinations that touch new frontiers, that are sometimes difficult to reach, and yet on arrival you can't imagine not being there. Although our properties are far from the mainstream, they are custom designed to ensure you have access to all of the amenities you should - steam showers, saunas, pools, unique hang spaces, comfortable guest rooms and more. ▶

CUSTOM TAILORED + ALL INCLUSIVE

We believe your trip should be about you. That means that no trip is ever the same. From the day we first talk with you, our travel professionals take your input and begin planning your dream itinerary. Organizing travel logistics, taking note of preferences, adding non-angling activities, and of course, talking about the fishing, is all part of the deal. We want you to experience the most out of your trip without feeling nickel-and-dimed. As a result, most of our stays are largely all-inclusive - meaning that your professional guides, adventure activities, most meals, house alcohol and local transportation are included. ▶

ELEVEN GUIDE TEAM

At the core of the experience is the Guide Team. Our international group of highly-trained passionate fly fishing and angling specialists makes the experience. They look forward to meeting you, learning your goals, and helping you improve. Their enthusiasm in sharing their native resources and local culture is infectious. It's what sets Eleven Experience apart. Our guides live and breathe fishing. They thrive on getting to know you and seeing your excitement while on the hunt for your favorite fish. If really getting after it on some of the best water in the world sounds exciting, our cast of guides will safely lead you to unforgettable experiences. ▶

BEST DAY EVER **POLICY**

This is important. Unlike other lodges or guide operations, we don't acknowledge "down days" or "weather days". There are no rain checks. We are always armed and amped to improvise and be creative. If we can't fish the flats, we'll fish the protected creeks and enjoy a gourmet lunch. If a river turns off-color, we'll take you one that's clear. Just can't make another cast; there's snorkeling or paddle boarding, or you can just kick-back and enjoy the view. You came to have a once-in-a-lifetime experience, and this is what you'll get. ▶

ADVENTURES **FOR ALL**

There is not a "right" or a "wrong" way to experience an Eleven Fishing Destination. If you're a die-hard angler who wants to fish dawn to dusk, we've got you covered. If you're looking to fish a half day, or work on your casting skills with your guide, all good. Groups of guys, couples, women only, families with multiple generations? You're in the right place. Think you want to try bonefishing or trout fishing for the first time? Our guides can't wait to teach you how. We're here to design and deliver a trip that exceeds your expectations. ▶

A REAL **CONNECTION**

At the end of the day, we strive to create memories that you, your family and friends can share for a lifetime. We believe that connections and relationships that our guests foster amongst themselves, with our guides and crew, and with the natural environments they share, are the most valuable intangibles in the world. Let's get started. ▶

A LETTER FROM THE CAPTAIN

I'm Tom McLaughlin. As captain of the "Eleven Mothership," your Eleven Experience floating base camp, I'll be standing by to welcome you aboard as we set off to explore the legendary sport fishing grounds that have drawn generations of anglers to Florida and the rich waters of the Bahamas and beyond.

A Florida resident since 1986, I'm passionate about fishing. It's a passion nurtured by years of experience, a bounty of local knowledge and a lifetime spent on the water. It's my goal to make your Eleven Angling Experience an adventure you'll always remember.

My dedication and devotion to the sport are, perhaps, best illustrated by my ongoing fisheries conservation efforts along with my drive to push the boundaries, to venture above and beyond. To me, fishing has always been far more than dropping a line and catching a fish. I've spent my years at the helm expanding the limits of equipment and technology - as well as my own knowledge - to seek and find that elusive and raw connection to the sea and its life. It is, I believe, an essential element of the sport. And it's one your crew aboard the Eleven Mothership is eager to share.

THROUGHOUT MY YEARS ON THE WATER, FISHING HAS ALWAYS BEEN AN EMOTIONAL AND PERSONAL EXPERIENCE. EVEN LIFE-CHANGING AT TIMES. SHARING THIS FEELING WITH OTHERS HAS ALWAYS BEEN MY MISSION. IT'S WHAT DRIVES ME. AND IT'S WHAT DRIVES THE ELEVEN EXPERIENCE.

I firmly believe that through example and education we can help preserve and protect nature's unique and special places. For me, the move to the Eleven Mothership was a natural evolution. It's a unique vessel, one that has furthered my commitment to conservation and sportsmanship. The Mothership has provided us with the means to create a unique connection to nature through the rich opportunities the Eleven Experience offers. There's nothing afloat that rivals it. And no, I can't imagine being anywhere else.

ANDROS MOTHERSHIP SOUTH ANDROS WEST SIDE NATIONAL PARK

An angler's fantasy realized. Remote southwest Andros, part of the West Side National Park, is a pristine saltwater wilderness, uninhabited and wild, bursting with bird and sea life. Miles of wadeable sand flats, mangrove-lined creeks, and a zig zag of countless islets create a home for schools of bonefish that can color acres of flats a shimmering silver. These masses of fish swim in waves that ripple the water across a hundred square yards, while their larger kin cruise the edges of sand bars that drop off into turquoise cuts. The plentiful population of resident tarpon layup in the creeks and on the outer Grand Bahama Bank, then roam across the white-bottomed flats with the tides.

THE CHALLENGE

No lodges, no people, and the only way to access this region is by enduring long boat rides from southeastern Andros or even longer runs from the North and Middle Bights.

THE SOLUTION

The Eleven Mothership liveaboard experience; your casually luxurious home on the most productive flats in the world, where you can fish with the tides, sunrise to sunset.

MOTHERSHIP ANDROS

TRIP DETAILS

At the southernmost tip of Andros, Jackfish Channel is a bonefish haven unto itself. Surrounded by protected flats and creeks, it is one of two comfortable anchorages chosen for the Eleven 74' Hatteras to create a unique fishing opportunity from December through April. Seasoned Bahamian guides captaining custom-built ultra-skinny water Beavertail skiffs will lead you on daily explorations across this magical seascape. Fish from the skiffs or take off wading. Novice anglers will be spoiled with numerous shots at feeding bones, while accomplished fly fishers can hunt and stalk, enjoy the adrenaline rush of the pursuit, spot that nervous water, catch the flash of a huge silver tail. And world-class reef and offshore fishing, featuring marlin, wahoo, tuna, and dorado, is just minutes away around the Grassy Creek Cays and in the Tongue of the Ocean.

Fishing your way to the Water Cays, and on up to Red Shank Point, it's sometimes impossible to make any headway. The action can be too good to leave any given spot. Which brings us to your second idyllic anchorage set in the tranquility of the South Bight near the entrance to Miller Bay. The boat ride in the Bight feels like an adventure into primordial times. The water blends intense shades of blue and green over lush bottom structure. Green, yellow, and gold shorelines narrow as you head past numerous blue holes that can boil with jacks and cubera snappers. And this is the land of tarpon, throughout the Bight and along the West Side coastlines to the north and south, strong resident beauties that range from forty to one hundred pounds. Additional gamefish include permit, mutton snapper, barracuda and sharks.

And there's no such thing as an 8-to-4 routine here. You can fish until you drop, all the while knowing the Mothership awaits your return, ready to refresh and recharge you.

THE MOTHERSHIP

YOUR HOME BASE

The Mothership takes the live-aboard lifestyle to a new level, and while being out on the flats always takes top billing, why not hang-out, relax, eat, drink, sleep in unmatched Eleven comfort and style. And the key here is the outstanding crew—professional captain, gourmet chef, guest experience specialist, plus superior guides. The dedicated crew is there to pamper you. Your private chef prepares creative and fresh Island cuisine each day on board, and packs your Yeti coolers with savory lunches, snacks, and ice cold drinks to keep your energy up when out on the skiffs. At the end of the day, compare notes on the open upper deck while sipping your favorite beverage and watching the sunset. And for supper? Enjoy artistic presentations of just-caught seafood and locally-grown produce in the spacious air-conditioned lounge cabin. Sleep peacefully in the well-appointed en suite staterooms.
