ELEVEN ANGLING

Our mission is to custom-make powerful fishing experiences that will take you from fabled remote flats in the Bahamas, to glacier-carved river valleys in Iceland and Chile, to pristine lakes and creeks in the U.S. Rockies. Eleven experiences are a different kind of escape. We prefer to venture out on our own, away from traditional destinations, in search of new waters, new challenges. Our lodges, motherships, chalets and beach houses are miles from the main road or well-traveled waterways – in a historic farming area, on a glistening freestone river in Patagonia, along the wilderness coastline of Andros, and other unique locations that beckon inquisitive anglers.

In each destination, world-class food and lodging are combined with guided fishing from rivers to reefs, and a variety of outdoor activities from the mountains to the sea. Guests of all ages and skill levels are encouraged to join in the adventures, and to improve their skills with instruction from our expert guides. And local cultures present the opportunity to participate in a different way of life, to see and enjoy places known only to native insiders.

No matter where in the world they may be, every facility has five-star accommodations, award-winning chefs, extensive wine selections, saunas, steam rooms, spas, and friendly, skilled guides who strive to add new dimensions to the angling lifestyle, and to share with you that wonderful feeling of comradery and fresh adventure.

WHY FISH WITH ELEVEN?

OFF THE BEATEN PATH

At the root of our identity is the belief that you shouldn't have to sacrifice the comforts of home in order to experience some of the world's most beautiful landscapes and incredible angling adventures. Our team has scoured the globe for destinations that touch new frontiers, that are sometimes difficult to reach, and yet on arrival you can't imagine not being there. Although our properties are far from the mainstream, they are custom designed to ensure you have access to all of the amenities you should - steam showers, saunas, pools, unique hang spaces, comfortable guest rooms and more. ▶

CUSTOM TAILORED + ALL INCLUSIVE

We believe your trip should be about you. That means that no trip is ever the same. From the day we first talk with you, our travel professionals take your input and begin planning your dream itinerary. Organizing travel logistics, taking note of preferences, adding non-angling activities, and of course, talking about the fishing, is all part of the deal. We want you to experience the most out of your trip without feeling nickel-and-dimed. As a result, most of our stays are largely all-inclusive - meaning that your professional guides, adventure activities, most meals, house alcohol and local transportation are included. ▶

ELEVEN GUIDE TEAM

At the core of the experience is the Guide Team. Our international group of highly-trained passionate fly fishing and angling specialists makes the experience. They look forward to meeting you, learning your goals, and helping you improve. Their enthusiasm in sharing their native resources and local culture is infectious. It's what sets Eleven Experience apart. Our guides live and breathe fishing. They thrive on getting to know you and seeing your excitement while on the hunt for your favorite fish. If really getting after it on some of the best water in the world sounds exciting, our cast of guides will safely lead you to unforgettable experiences. ▶

BEST DAY EVER **POLICY**

This is important. Unlike other lodges or guide operations, we don't acknowledge "down days" or "weather days". There are no rain checks. We are always armed and amped to improvise and be creative. If we can't fish the flats, we'll fish the protected creeks and enjoy a gourmet lunch. If a river turns off-color, we'll take you one that's clear. Just can't make another cast; there's snorkeling or paddle boarding, or you can just kick-back and enjoy the view. You came to have a once-in-a-lifetime experience, and this is what you'll get. ▶

ADVENTURES **FOR ALL**

There is not a "right" or a "wrong" way to experience an Eleven Fishing Destination. If you're a die-hard angler who wants to fish dawn to dusk, we've got you covered. If you're looking to fish a half day, or work on your casting skills with your guide, all good. Groups of guys, couples, women only, families with multiple generations? You're in the right place. Think you want to try bonefishing or trout fishing for the first time? Our guides can't wait to teach you how. We're here to design and deliver a trip that exceeds your expectations. ▶

A REAL **CONNECTION**

At the end of the day, we strive to create memories that you, your family and friends can share for a lifetime. We believe that connections and relationships that our guests foster amongst themselves, with our guides and crew, and with the natural environments they share, are the most valuable intangibles in the world. Let's get started. ▶

A LETTER FROM THE GUIDE

Just thinking of Patagonia can stir your blood, and it should top every fly angler's bucket list. The culture is centuries old, the people ready to greet you with a smile. The wild scenery is stunning, snow-capped volcanoes seemingly around every bend in a river, and impenetrable bamboo forests that cover mountainsides of black volcanic rock.

The river systems are vast, and the season is the ideal complement to the Northern Hemisphere, creating a year-round trout season. The browns and rainbows are similar to the fish found in the Rockies, but on steroids- wild, strong, powerful fish. And at times we hunt for brook trout, sea-run browns and Pacific salmon.

Some days we'll target quantity, racking up lots of fish caught and released. Other days we'll search for monster browns and rainbows that rival any trout in Iceland or New Zealand. To cover these big rivers and glacier lakes we mainly use drift boats and jet boats, though you'll have chances to wade, especially on the smaller streams.

 **JUST THINKING OF PATAGONIA CAN STIR YOUR BLOOD, AND IT SHOULD TOP EVERY FLY ANGLER'S BUCKET LIST. THE CULTURE IS CENTURIES OLD, THE PEOPLE READY TO GREET YOU WITH A SMILE.**

And when is the best time to go? Every month offers something different, and at Eleven we customize each trip to meet your needs. November and December (equivalent to May and June in North America) is early season, but no run-off like the States, so rivers are crystal clear. Trout are hungry and aggressive. Streamer fishing is on, especially for those huge browns. Dry fly fishing is with large attractors, and the hatches improve as we move into summer. January and February are prime summer months, warm days, and excellent dry fly fishing. March turns to autumn, leaves change colors, river levels are lower and fish more concentrated. The perfect month to mix streamers, dries and nymphs. And April, beginning of the spawning season for the browns, time to wader up and search for those truly large trout that can create life-long memories.

Nestled against a lush green hillside, in a stunning Andean valley on the banks of the magnificent Rio Palena, Eleven's casually elegant lodge is your ultimate fly-fishing and adventure retreat. The central location in a region famous for large wild trout—browns and rainbows—is highlighted by the home waters of the Palena; where you can wade and float glass-clear aqua-colored water right out the front door. Your

professional guides know each stretch of river you will fish, each bay and lagoon, and they will put you on the best fishing water at the time of your trip. ABOUT THE EXPERIENCE

Welcome to Rio Palena lodge and a unique Eleven Angling adventure. Starting at home base on the Rio Palena there are four to five full-day river sections to enjoy, each with a variety of challenges and surprises, accessed by Hyde jet boats. Skating and twitching large dries like Fat Alberts and Chernobyl patterns can produce explosive strikes. Long riffles are ideal for pulling over and wading, and while dries can be effective, fishing one of our favorite pancora imitations on a long swing is truly deadly. For streamer aficionados, you will find the Palena to be one of the best rivers anywhere for trophy browns, and with the water so clear it's often a visual experience that anglers live for.

Included in your fishing adventure are Eleven's Palena Canyon outpost and a riverfront outpost on the lower Futaleufu, a secluded haven that provides quick access up and down stream to magnificent stretches of the Futa. The exciting dragonfly fishing in Lake Yelcho, and big browns and king salmon in the lower Yelcho River are also well within reach. Add at least one day of helicopter fishing to remote lakes and streams, and you have the most dynamic fly fishing experience available in Chile.

For non-anglers, or if you just need a day off from fishing, we offer horseback riding and hiking in the Andes Mountains, sightseeing picnics, cooking classes with wine tastings, or just kick back at the lodge and schedule a soothing massage.

And then you have the intangibles of the awe-inspiring Andean forests towering overhead, the sounds of the current rushing over centuries old boulders, a giant condor floating on a thermal over a glacier. It's an atmosphere of tranquility and raw nature to appreciate and savor.
